

POLICE TO RUN CARNIVAL.

Only One Carnival Will Be on This Year's Committee.

Orders were sent out from the office of Police Commissioner Woods today for the selection of a delegate from each precinct in the city to the committee on Police Carnival, which is to be held at Coney Island late in June. The arrangements for this year are to be completed by the end of the month. The committee will be the only carnival in the city.

Commissioner Woods said the very large number of the first carnival year and the many requests for a carnival made him sure the carnival will be an annual event.

Whether your prescription for glasses was given to you by an oculist in "private practice"—to whom you paid a fee of three, five or ten dollars for his examination—OR—

If your eyes are examined by one of our oculists and glasses (without extra cost for the examination), our prices for Harris Glasses are absolutely the same—there is nothing added or taken off. Our prices are uniform and never vary under any circumstances.

This broad policy of "one price to all"—regardless of whether it takes our oculist two hours or fifteen to examine your eyes—is YOUR assurance of a fair and square deal. Harris Glasses cost \$2 or more.

LET PEACE DELEGATES SAIL.

Norman, With American Women Aboard, Heads for Rotterdam.

LONDON, April 27.—It was announced today that the Holland-American steamer *Norman*, with the American delegates to the Women's Peace Conference at the Hague on board, was permitted to proceed on her way to Rotterdam yesterday. The liner was brought into the Downs in order that the customary examination of her cargo and papers could be made. Because of the embargo on North Sea travel she was detained until a special Admiralty pilot could be placed on board to take her through the mine fields.

In the meanwhile Miss Jane Addams and the other American women on board had appealed to Ambassador Page, but he could do nothing to aid them as the steamer was already in the hands of the Admiralty. It is stated here that there was no intention on the part of the government to interfere with the American delegates reaching the conference, although it is no secret that officially the proposed conference is looked on as "outside meddling" and there is no sympathy in official quarters for it.

THEATRE DINES GUESTS.

Roof Party Is Given After Performance of "Mam'zelle Nitouche."

After the performance of "Mlle. Nitouche" at the Theatre Francaise, last night, a supper was served to invited guests, among whom were Mr. and Mrs. Cornelius Vanderbilt, Mr. and Mrs. August Belmont, Mr. and Mrs. Farnham and many people well known in society. Beside "Diamond Jim" Brady and other persons notable in the diversified life of the city. The scene from the roof overlooking Central Park, with a glorious moon softly illuminating it, and the balmy air, proved seductive enough to draw everybody out to enjoy it.

Gazing at the Moon, Falls into Canal. Mary Rod of No. 157 Randolph Avenue, Jersey City, and Charles Ladisig of No. 161 Randolph Avenue, last evening came onto the Garfield Avenue Bridge over the Morris Canal and stopped to admire the reflection of the moon on the water. Miss Rod lost her balance and fell into the canal. Ladisig rescued her, but she was so exhausted and suffered so from shock that she had to be taken to the City Hospital.

WILSON ON RIGGS' BANK CASE

Does Not Involve Any Administration. Goes Farther, to President's View.

WASHINGTON, April 27.—President Wilson does not consider the legal controversy between the Riggs National Bank and Treasury Department officials as involving any Administration position. He told cabinet members today, however, that since the bank had brought the injunction proceedings against the Treasury officials, the government would naturally defend the suit.

The President said in his opinion the powers of the Comptroller of the Currency were perfectly clear and whether they were too great, he thought was a question for Congress to decide. The President declared he was keeping in touch with the situation but that the Department of Justice was handling the case and would continue to do so.

Young Woman Missing.

Miss Anna Bender, nineteen years old, of No. 829 Garfield Avenue, Jersey City, left her home at 2 o'clock yesterday afternoon and has not been heard from since by her mother. Mrs. Bender reported the absence of her daughter to the police this morning, but no trace of her has been obtained. Miss Bender has light hair and fair skin. She wore a black skirt and white waist, a blue black coat and a black straw hat with red plume in it.

The First Corset That Is Capable of Assisting Nature

The New Nemo Corset with "Wonderlift" Device, \$5

Into the reason why so many women need abdominal support—the creator of Nemo Corsets has successfully delved. After several years of designing and experimenting, he has created a Corset which will amaze womankind.

Do You Know What Are the Natural Supports of the Abdomen?

Two large, straplike muscles perform this very important service. Very often they lose their strength, and sometimes they are not naturally strong, and the result is that they weaken a woman's constitution.

This New Nemo Corset Also Forms a Natural Support

as it is designed with straps of Lastikops Webbing, which imitate the muscles both in elasticity and position. Their elasticity causes an automatic massage, and this in turn helps the muscles to function properly.

This Support Is Invisible

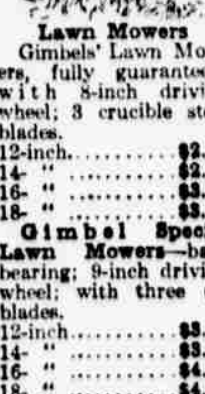

However, it may be adjusted by the "Wonderlift" device, which laces on the inside, but the lacings pull through, and may be tied on the outside.

A Skilled Corsetiere Will Gladly Explain This Corset to You
